## Home Page

This serves as the starting point of website. The home page includes a navigation bar that provides links to different sections within the website along with the chatbot and ‘Our Stores’ button.

The chatbot is scripted and is used to respond to frequently asked questions. It catches keywords and responds accordingly. The main purpose of the chatbot is to make the website more user-friendly and interactive.

The button “Our Stores” opens another page on click. This page shows the location of all our stores.
